Summary

As a Junior Frontend Developer, I am passionate about creating captivating web experiences and transforming ideas into interactive realities. Proficient in technologies like React and Redux, I strive to deliver innovative and user-centric solutions. Currently expanding my skill set by learning the MERN stack, I am eager to explore full-stack development and contribute to building cutting-edge web applications.

Technical Skills

- **Frontend:** React.js, Redux, Next.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database:** MongoDB
- **Tools:** Git, GitHub, VS Code, Postman, Figma
- **Other:** TypeScript, Responsive Design, Web Performance Optimization

Education

Bachelor of Software Engineering

Jordanian Sudanese College, Khartoum, SUDAN

Expected Graduation: May 2025

Projects

Blackdantella (MERN Stack E-commerce Platform)

- Built a fully functional e-commerce platform from scratch for **Blackdantella**, showcasing women's scarves, hijabs, and accessories.
- Implemented features like product filtering and user authentication (JWT).
- Optimized performance by converting images to WebP and implementing lazy loading, achieving a 90+ performance score.
- Designed a responsive UI using **React.js**, **SCSS**, and **Bootstrap**, ensuring seamless experiences across devices.

Technologies Used: React.js, Node.js, Express.js, MongoDB, SCSS, Firebase

Portfolio Website

- Enhanced a personal portfolio showcasing projects and skills using **Next.js** and **Tailwind CSS**.
- Implemented a contact form with **Node.js** and **Nodemailer** to enable direct communication with potential clients and employers.
- Focused on performance optimization and accessibility.

Technologies Used: Next.js, Tailwind CSS, Node.js

Frontend Projects (Various Client-Side Applications)

- Designed and improved multiple frontend applications, including:
 - **Dashboard:** Designed an interactive and responsive dashboard interface using **HTML**, **CSS**, and **JavaScript**
 - **Eeasybank landing page:** Created a modern landing page with responsive design and clean animations
 - **Fylo landing page:** Built a visually appealing landing page with focus on mobile responsiveness
 - **Rock paper sicssors game:** Designed an interactive game with JavaScript, showcasing dynamic user interaction.

Technologies Used: React.js, JavaScript, HTML5, CSS3
